

*Looking inward to push forward*

1400+

Students directly impacted by APA teacher leaders during 2016-2017 school year

80%+

Overall student passing rates in spring 2016, including over quarter of classrooms with 100% matriculation – 3 times higher than 30% regional average in rural communities

60%

Classrooms demonstrating grade-level growth or higher in literacy and numeracy outcomes based on internal assessments

440

Eligible applications submitted for 35 slots of 2016 cohort, including top young professionals, existing teachers, and university graduates

COMMUNITY-CENTERED

Participation of school leaders, students, parents, and community members in spreading impact of APA model

DATA-DRIVEN

APA data model garnered international attention, including mobile data application to track student and teacher progress

A local, Haitian-led movement, Anseye Pou Ayiti is a non-profit organization focused on recruiting and training a new generation of Haitian teacher leaders as drivers of a quality transformation for the nation's education system. The work is centered on a two-year fellowship model: recruiting an annual cohort of local candidates, placement in existing rural primary schools, an intensive 2-year coaching model while teaching full-time, and supporting the leadership trajectory of our fellowship alumni.

In a context where 30% of students will pass primary school and 1% will reach university, Anseye Pou Ayiti is proving what is possible by looking inward—local talent, teaching & learning informed by culture, building a network of allies—to push forward and restore Haiti to its best self.

## TEACHER LEADERSHIP

- 2015 and 2016 cohorts now working in over 30 partner primary schools in rural, underserved communities
- APA teacher leaders currently impacting trajectory of over 1000 students on daily basis
- Over 90% retention of APA cohorts through June 2016
- On track to train more than 250 teacher leaders in 5 years and impact over 16,000 students

## COMMUNITY IMPACT

- Filled critical vacancies in 6 rural schools previously lacking access to qualified, trained teachers
- Reached an additional 70 teachers with open Pedagogical Forum
- Partnered with over 10 local organizations and civil society groups

## MOVEMENT BUILDING

- "Brain trust" gatherings of allies organized in Port-au-Prince, New York, Boston, DC, and Fort Lauderdale
- Increased media impressions, spotlight interviews, and social media traction with support from partners and allies

## STAFF & BOARD

- Over 90% of staff agree that APA vision, strategy, goals, and measurements are understood and that APA has lived up to its core values
- 100% charitable giving by Board of Directors

## ORGANIZATIONAL HEALTH

- Diversified funding from foundations, non-profit grants, corporations, and individuals
- 100% of cohort positions recruited and filled before 2016 fellowship start with Summer Immersion training
